DETAILED ACTION

This action is in response to the amendment filed on June 20, 2006.

Claims 27-35 and 48-56 are allowed.

Claims 1-26 and 36-47 are previously cancelled by the Applicant.

Claims 27 and 48 are amended by the Applicant.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

As pointed out by the Applicants in the Remark that the cited prior art (Hermann et al. [6,134,707] in view of Tang [6,389,321] and further in view of Sasaki [6,198,304] and further in view of Sawicz et al. [5,889,775]) taken alone or in combination fail to teach, in combination with the other claimed limitations, *converting said non-native format programmable logic instructions into a second file having programmable logic Instructions in a format native to said at least one programmable logic device; transferring said second file to a head-end controller at a cable head-end of said television program delivery system; transferring said second file from said head-end controller to said video switch comprising a processor board coupled to a plurality of functional element, each functional element comprising a programmable logic device coupled to a switching circuit; executing said converted file, for identifying particular target files associated with said programmable logic devices, via a first bus coupled to said switching circuits; enabling the switching circuit corresponding to each programmable logic device having said identified target files via said first bus; and programming said identified programmable*
